

Supplying Policy

LAMCO Forest Products Inc. is committed to do its best efforts to value the compliance with legal and environmental requirements in relation with sustainable forest management. Consequently we are committed to purchase certified products under PEFC and SFI certifications.

Our objectives to achieve this commitment;

- Promote sustainable forest management,
- Improve continuously our management system,
- Involve our suppliers to promote SFI and PEFC certified products.

Our actions to achieve this commitment;

- Maintain a management system complying with the requirements of SFI and PEFC traceability chain,
- Remain committed to avoid purchasing un-controlled wood according to the following SFI and PEFC categories :
 - Illegally harvested wood,
 - Harvested wood infringing traditional or civic rights,
 - Harvested wood coming from forests where high conservation values are threatened by logging operations,
 - Harvested wood coming from natural forests converted in plantation or non-forest uses,
 - Harvested wood coming genetically modified seedling plantations,
 - Harvested wood infringing fundamental principles and rights of workers (ILO Foundation)
- Raise awareness among our suppliers about SFI and PEFC principles and requirements,
- Raise awareness of all our employees to our commitment.
